

Amazing artistry, the professionalism was coupled with the presence of connectivity between the artists and their story. At the end of the show, which was concluded with a spectacular aerial performance from Sage Bachtler Cushman I turned to my friend with my mouth open in awe saying, 'That was incredible!' And it really was! Thank you, super happy to have both of you sharing your well-honed skills with my boys!

- Zoe Shekinah

Hypnotic and mesmerising from start to finish.

- Jos Ford

Difícil descrever em palavras a viagem que vocês proporcionaram! Do equilíbrio, ao power total, passando pela singularidade do movimento, a conexão em palco é extraordinária e extremamente apelativa! Lindo, romântico e doce. Muito, muito bom.

- Filipe Cardinal

Muitos Parabéns e aplausos.

Espetáculo profundamente belo que nos transporta para um mundo sem tempo e sem ruído... um mundo de beleza e harmonia. Essencial. Obrigada.

- Berta Cabete

It was like an adventure!

Wow OTUS was such a pleasure, a feast for the senses, a journey through human relationships, humorous, moving, tender and fierce all at once. I loved watching you both move with such strength and grace. You got the skills!

- Tamzin Hale Hurley

I find it difficult to explain in words such an incredible creative explosion that is OTUS.

- Fran Moulder

Otus was a beautiful piece of art, total mastery of contemporary circus skills that was absolutely riveting to watch. Both the solo work and when combining together, these two performers soared to the heights. The sound and lighting added well to the performance. Thank you Hugo and Sage. A night I will never forget!

- River Goulborn

I literally cried with awe. Magnificent.

# OTUS

A work of true genius, a poetic movement of many skills, delivered with a touching beauty. A privilege to be present and witness this unique performance.

- Allen Morgan

Pulling you in from the start, compete focus, so much dedication and hard work went into preparing this. Love your expression, your awesome art of circus that takes the circus to a whole other level

The rope, the big stick and juggling, the trapeze were just amazing Thank you for this beautiful experience.

- Rosalinde Schön

Espetáculo Onírico e divertido de uma sensibilidade rara, banda sonora de contenção extraordinária, sublime. Obrigada e boa sorte.

- Mário Simões

Food for the soul... A beautiful performance, masterful storytelling through movement! Thank you!!

- Claire Donnelly

Absolutely wonderful! OTUS makes you think about the randomness of life, human relationships and our constant need to destroy and rebuild. I loved the wooden bricks and the costumes, really simple but filled the stage with meaning. Of course the skill of the two performers is remarkable but it is the way they work in harmony together that really blows the audience away. No wonder they received a standing ovation.

- Tamsin Evans

Para o final, um encerramento emocionante, com "Otus", da companhia Oliveira & Bachtler, numa encenação exímia de circo contemporâneo. Os dois intérpretes mostraram a delicadeza de uma história de encontros e desencontros, e o domínio das técnicas às quais se dedicam, como o malabarismo e o trapézio. O Fórum Municipal Luísa Todí rendeu-se ao que assistiu, numa ovação que durou alguns minutos.

- Festival Internacional de Teatro de Setúbal

I liked it when Hugo did the juggling, it was very comical. I liked the trapeze and especially when Sage had to move Hugo's arms backwards and forwards.
